

# RIGHT & LEFT INVESTIGATION REPORT

Dear Parents,

As you know, there are no right or wrong answers to the following questions. The purpose of this activity is to promote discussion with your child about the right and left sides of the body. Use this guide to help your child become aware of left and right in everyday activities. Either you or your child can write in your child's answers.

I brush my teeth with my \_\_\_\_\_ hand.

I usually turn doorknobs with my \_\_\_\_\_ hand.

It is easier for me to kick a ball with my \_\_\_\_\_ foot.

When I put on my socks, I usually put on my \_\_\_\_\_ one first.

I am more comfortable sleeping on my \_\_\_\_\_ side.

When I use a fork I hold it in my \_\_\_\_\_ hand.

I write with my \_\_\_\_\_ hand.

Something interesting about my right hand:

Something interesting about my left hand:
